

# **StarBoard WT-1** WIRELESS TABLET

***Paired with StarBoard interactive whiteboards, the WT-1 is the ultimate wireless teaching tool***

## **Freedom of Mobility**

The StarBoard WT-1 is a lightweight tablet that connects wirelessly to your computer from up to 30 feet away. Reach even the most timid students by handing them the wireless tablet to demonstrate their knowledge on a specific subject. Learning becomes enjoyable and knowledge becomes a game!

## **Ultimate Flexibility**

The WT-1 offers flexibility by complementing different teaching styles. With the wireless tablet in hand, you can control applications, add notes and highlight important information, whether you're at the front of the room, back of the class or beside a student.

**HITACHI**  
Inspire the Next

***I love the fact that I can stand in the back of the classroom, cover a lesson, and watch all my students.***

*– Steve Vermilye, CA Math Teacher*

# StarBoard WT-1
